A Good Friend to Women.

"A friend in need is a friend indeed." The final test of friendship is deeds not words; not promises but performance. When Mrs. Ruff refers to Dr. Pierce's Favorite Prescription as a good friend to women she speaks out of a wide experience of the merits of that medicine.

When her "life" was hanging in the balance" it brought her back to health. As Director of the German Orphan's Home she has opportunity time and again to test its power in the cure of womanly diseases. As a result she says:

"Our great remedy for female trouble is Dr. Pierce's Favorite Prescription.

We have found nothing that would so quickly cure the disease, relieve inflammation and stop pain."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong, sick women well.

"Five years ago when my life was hanging in the balance, Dr. Pierce's

Favorite Prescription was brought to my home," writes Mrs. Caroline Ruff, Director of German Orphan's Home, residing at 339 Rowena Street, Detroit, Mich. "I took it, and, like a brave friend, it fought the battle against disease and won me back to health. Ever since then I have been its firm friend. We frequently have mothers come to our 'Home' who are suffering with uterine troubles, inflammation, tumors and ulcerations. Our great remedy for all female trouble is Dr. Pierce's Favorite Prescription, and we have found nothing so far which would so quickly cure disease, relieve inflammation, and stop pains. It is a good friend to women."

are held as strictly private and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Ram's Horn Blasts.

What God demands is as nothing to what He deserves.

It is a good deal easier to drop into a rut than to rise out of it.

Many people can criticize; the number who can create is much smaller.

Better a bare board with the blessing of God than His curse on a half one.

God is never afraid of putting a life time of training into an hour's service.

The man who thinks he is drifting at pleasure is really driven by passion.

How can the city smell sweet so long as the saloon sewer stands wide open?

Men who make a business of religion are not likely to make a religion of business.

To have the courage of our captain is better than the courage of our convictions.

The man in the mirror is the one completely deceived by the mask of hypocrisy.

There is no merit in making the devil go to church when you take him in your hour.

The man who is always ready to taper off always wears a red dyer on his nose.

Destructive criticism withers when the light of the cross shines on the pages of the world.

New York "Don'ts."

In New York the board of health is trying to instruct the people how they may individually avoid the disease.

Rules applicable in New York are applicable in Lancaster. Here are some of the New York "don'ts."

"Don't stop treating a 'slight cold' until it is completely cured."

"Don't go into the cold air in an overheated condition."

"Don't go out of an overheated room into the street without wrapping up."

"Don't stay in an overheated room any longer than you can help it. A moderate temperature is more healthful."

"Don't sit in an overheated car too tightly bundled up."

"Don't drink too much."

"Don't go without a proper amount of sleep; rest is necessary to keep the body in a proper state of resistance."

"Don't hesitate to see the doctor. A step in time may save an undertakers bill."

Boy's Essay on Ducks.

The following is a boy's essay on the duck: "The duck is a low, heavy set bird composed mostly of meat and feathers. He is a mighty poor singer, having a hoarse voice caused by getting so many frogs in his neck. He likes the water and carries a toy balloon in his stomach, which fills with air on going in swimming over his head, to keep from sinking. He can quack loud, but can't sing a little bit. Some doctors are called quacks because they are such cheap ducks. The duck has only two legs, and they are set so far back on his running gear by nature, that she came partly near missing his body. A quack doctor has only two legs but they are fashioned on his body low down. His bill is not so broad as a duck's, but a heap longer and harder to pay. Some ducks when they get big have curls on their tails and are called drakes. Drakes don't have to set nor hatch, but just loaf, go in swimming and eat. If I was going to be a duck, I'd rather be a drake every time."

The serious life expresses itself in simplicity.

Have You Indigestion?

If you have Indigestion, Kodol Dyspepsia Cure will cure you. It is curing people every day—every hour. You owe it to yourself to give it a trial. You will continue to suffer until you do try it. There is no other combination of digestants that digest and rebuild at the same time. Kodol does both. Kodol cures, strengthens and rebuilds. Sold by F. P. Frisbie.

How Hyomei helps Health.

Kills the Germs of Grip, Catarrh and Colds. "Costs Nothing If It Fails."

Says R. E. McRoberts.

Now that Hyomei can be obtained in nearly every town and city in the country, it is possible to buy from druggists a health giving climate, to be carried in the purse or pocket. By breathing it a few minutes four times a day you can soon cure grip, coughs, colds and even the worst and most chronic cases of catarrh.

R. E. McRoberts has seen so many remarkable cures made by the Hyomei treatment, that they sell it with the positive agreement to return the money if it fails to cure.

A complete outfit costs but \$1, and consists of the pocket inhaler, medicine dropper and sufficient Hyomei to last several weeks.

It effects a cure in the worst catarrh troubles and if breathed at the commencement of a cold or the grip, will check it quickly and prevent sickness. Extra bottles of Hyomei can be obtained for 50c.

When breathed through the inhaler, the germ-killing and health-giving Hyomei goes to the most remote cells of the throat and lungs, killing all the catarrhal germs, soothing the irritated mucous membrane and vitalizing the blood with ozone.

At this season of the year, every one should have a Hyomei outfit to prevent and cure catarrhal troubles, and ward off attacks of grip, pneumonia and similar germ diseases.
